## Record Turnout By Voters Expected

### Six Different Ballots To Be Voted; Polls Open From 6 A.M. to 6 P.M.

Quad-City and Madison county voters will go to the polls Tuesday in what is expected to be all-time record numbers to elect national, state, district and county officials, and to vote on three extra propositions, two of them involving tax increases. Polling places will open at 6 a.m. and close at 6 p.m. Prompted by intense interest in the national as well as state and local campaigns of candidates marked at all levels by heated controversial issues — of at least 100,000 voters are expected to troop to the polls for 174 polling places to put their marks on 600,000 ballots which contain the names of 277 persons seeking election to office, plus three separate, special propositions.

Miss Eulalia Holt, county clerk, said today that her office is expecting 88% of the county's registered voters to go to the polls and that polling places have been supplied and voting preparations made on the basis of that estimate. If this prediction holds true, approximately 104,000 persons will cast ballots. The 1964 registration figure is 138,236 for the county as a whole, with approximately 30,000 of this number in the Quad-City area.

### 1960 Vote Heavy

In the 1960 election, which also highlighted an intense national campaign, a total of 98,000 votes were cast in the county. 27,275 of them in the Quad-City precincts.

Both Democratic and Republican headquarters throughout the Quad-City area are a flurry of activity today as party workers received last minute instructions for getting voters to the polls and candidates outlined their final campaign activities. Party workers are anticipating accelerated processing of voters due to the complexity of the election, requiring each voter to mark six different ballots, on one of which — the State Representative ballot — the voter may make as many as 17 individual markings if he so desires.

The number of absentee ballots cast in the county clerk's office at Edwardsville was indicative of the intense interest in the current campaign. By Saturday, a total of 2,550 absentee ballots had been received. The 1960 election with today still remaining in the file of absentee ballots. Deadline for obtaining applications was last Thursday.

Quad-City voters will ballot in 50 precincts — 32 of them in Granite City, 12 in Venice, one in Ponton Beach and two in the Chouteau township precincts.

Handling Tuesday's election.

Funeral arrangements are given in today's obituary column.

## Cities Could Treat Township Sewage Cheaper

(Second of a series)

Namekoi township residents now considering an intensive sanitary sewer and sewage treatment program could get the same service cheaper from cities, according to estimates showed today.

Whether Granite City and Madison would be willing to provide the same service to the township is a question that is being asked by the township board. The township board is considering a proposal to have the township sewer system connected to the city sewer system. This would allow the township to use the city's sewer treatment plant, which would be much cheaper than building a new one.

Sanitary sewer systems have been extended to include the area now lacking sewers. The township board is considering a proposal to have the township sewer system connected to the city sewer system. This would allow the township to use the city's sewer treatment plant, which would be much cheaper than building a new one.

Cost comparison. Harold G. Moe of the H. W. Lochner consulting engineering firm at Granite City, 1210 East 24th street, said that the cost of a township sewer system would be \$4.66 monthly fee and a \$100 payment for the township project.

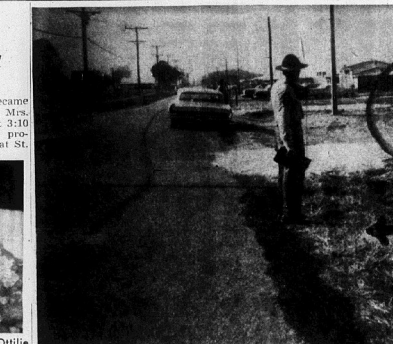

Engineer David Johnson estimates that the cost of a township sewer system would be \$4.66 monthly fee and a \$100 payment for the township project.

An example is being given of a city ordinance, placed on first in today's obituary column.

## Accident Leads to Arrest of 3 in Theft

Crash Spills Stolen Radiators on Highway; Police Recover Lot

A traffic accident in which a half dozen stolen auto radiators spilled onto the highway from the trunk of one of the vehicles involved in the crash of three men by Madison police Sunday and the filing of theft and burglary charges against the trio.

A traffic charge of failure to stop at a signal light also was filed against the driver of the car which contained the stolen radiators.

The accident occurred at 6:45 a.m. on Route 203 at Bend road when a car driven by Charles E. Davis, 22, of 302 Allen road, Madison, crashed into a car driven by Henry Mosier, 27, of Lincoln avenue, who was driving south on Route 203. Mosier's car overturned, but the driver had a seat belt fastened and suffered only bruises.

Police said Davis was driving south on Franklin and the other car was being driven east of Ponton by William Gray of Belleville.

Police said that only a few of the radiators had been recovered. Total value of the radiators was about \$100, officials said.

## \$1,700,000 Order For General Steel

Placed Against Davis and Bravley

A \$1,700,000 order for 200 one-piece cast steel flat underframes has been placed with General Steel Industries by Union Pacific Railroad Co. It was announced Saturday at the local plant.

The underframes are for 534-foot, 70-ton flatcars to be built in the Union Pacific's Omaha shops during the second quarter of 1965.

Home Burglary

Mrs. Frank Tob, 2702 Grand avenue, reported at 2:30 p.m. Thursday that as she went to get money to pay bills, she noticed that \$32 was missing from a dresser and a diamond ring and a lady's watch from a vanity dresser. There was no forced entry.

An electric drill, a set of sockets and a set of open end wrenches were stolen from the garage of Howard Kamm, 3100 East 22nd street, he reported Thursday afternoon. Entry was gained by breaking two windows in an overhead door.

Theft of six cartons of floor tile off the back porch of his home was reported to police Friday by John Payne, 2258 Grand avenue.

Knights, 1539 Madison street, Lincoln avenue.

## Press-Record Staff To Compile Returns

The Press-Record staff will compile local election results tomorrow night, working with other newspapers of the county at an election center provided in the courthouse at Edwardsville.

Because of the large number of ballots, not much information is expected before 8:30. The Press-Record office, 174-2000, will be open tomorrow night to give local results.

## Hartford Woman Forced Off Road, Robbed of \$200

Mrs. Pamela Kitch, Hartford, was robbed of \$200 cash about 8:30 a.m. Saturday by two men who forced her car off the road in front of the A. O. Smith plant and then fled with her purse. Mrs. Kitch said one of the men got into the front seat of her car and stole her money. She was told by the other man not to harm her.

Mrs. Kitch, owner and operator of the Delmar Tavern in Hartford, said the money she was carrying was business funds. She said she had passed the evening in Madison with a group of friends at a party and had left her car parked alone at a short time before the robbery occurred.

She said she was driving north on Route 3 when the car appeared from behind and cut sharply, forcing her to pull over on the shoulder of the highway. One of the men asked her where her purse was and she told him it was in the seat. The other man, meanwhile, got into the front seat. She said both men appeared to be about 24 years old.

Mrs. Kitch said she drove to the front seat took hold of her, the other robber remarked: "I recognize her, let her alone." The men then took the purse, got back in their car and drove north. Mrs. Kitch said she drove to a nearby night club and called the sheriff's office to report the incident.

Police said that only a few of the radiators had been recovered. Total value of the radiators was about \$100, officials said.

## Girl, 14, Killed By Car While Halloweening

### Auto Out of Control Jumps Ditch—Strikes Deborah Blanton

A young teenage girl, Deborah Fay Blanton, 14, who was trick-or-treating with her three smaller sisters, was killed about 7:30 p.m. Saturday in the front yard at 2545 Morrison road where she was struck by an auto that had gone out of control after hitting two parked cars.

The girl, a Coolidge junior high 9th grader is a daughter of Mr. and Mrs. Charles Blanton, 4816 Warnock avenue. The driver, Charles L. Jones, 28, of 2316a Iowa street, was charged by state police with reckless homicide and was released later on \$10,000 bond.

The Halloween tragedy occurred as Deborah was dressed as a pirate in a black and red costume and was with her sisters, Teresa Kay, 12, Linda Mae, 11, and Pamela Diane, 6. The younger girls ran when they heard the crashes and saw the car coming into the yard. They said Deborah was not hurt.

State Trooper Leo Sprinkle said Deborah was about 20 feet from the road in the yard when struck by the car. The impact knocked off her shoes, and she died of head and neck injuries. An inquest is to be conducted by Deputy Coroner Henry Pieper.

The mishap occurred in the yard at the home of E. D. Noblin, 2545 Morrison road, and the first person to reach the injured girl was Deputy Trooper Furtak of 2541 Morrison road, who saw the headlights of the Jones' car on her way.

"I saw two men in the road talking and then saw the girl in the yard," Mrs. Furtak said. "I called to them and one came over and the other got in a car parked in the road and drove off toward Long Lake."

Mrs. Furtak said she got a shock while someone else summoned an ambulance. The little girl whispered something but I couldn't hear her, then she was gone."

Father Arrives On Scene

Mrs. Furtak said the girl's father, who operates Blanton's Sinclair service station, Namekoi road and 311 avenue, arrived before an ambulance and tried to comfort his daughter. Deborah was dead on arrival at St. Elizabeth Hospital.

The Blanton home is about half-mile away from the scene.

Jones, who was travelling west on Route 203, was taken into custody and booked at the Granite City police station on the reckless homicide charge.

Another Car Seen In Field

Trooper Sprinkle said the car was told by Charles Warren, 2607 Morrison road, that he saw another car go into the field on the opposite side of the road, drive around for several hundred feet and then go onto a lane and back to the road. The car was then seen to leave the scene eastbound. No description of the car was available. Warren said the crash when Jones' auto struck a parked car.

Police authorities are investigating the possibility of drag racing, although Jones denied he was racing.

## Women Work To Have UF Donations Sent Home

United Fund teams of women workers assigned to call on residents who work out of the area and contribute at the place of their employment have been doing an excellent job that will bring many extra contributions into the Quad-City fund that might not otherwise be received. John Solenberger, executive director of the United Fund, said today.

He explained that while many persons who live in the Quad-City area work in other cities and make their United Fund donations through their place of employment, the amount they contribute can be designated for the Quad-City fund. The teams of women are calling on such residents informing them that such procedure can be followed. Two such teams now operating are those of the Madison and Venice divisions. Solenberger said. The Madison group, under the chairmanship of Madison Mayor Stephen Maeras, include Mrs. Betty J. Pazio, Mrs. Bertha Wilson, Mrs. Deloye Rhoads, Mrs. Donelda Maeras, Mrs. Nigel Maeras, Mrs. Louise Lewis, Mrs. Billie Bosworth and Mrs. Judy Donaldson.

In Venice, the visiting team working with Mayor John E. Lee includes Mrs. John Gonterman and Jack Tolliver. Other

## New Technique For TB Test Explained

A new type of tuberculin skin test to be made on pupils of the first, fifth and ninth grades in Madison county schools is scheduled to get under way Jan. 1. It was announced today following a meeting of school nurses in the Madison county Tuberculosis Sanatorium to hear an explanation of the new technique. The proposed tests are to be made on an experimental basis.

School administrators are to meet Nov. 10 at East Alton-Wood River high school for an explanation of the program by Dr. Luis Ventura, medical director of the tuberculosis sanatorium, according to William L. Trimpe, Madison county superintendent of schools.

Trimpe said Madison county is one of the areas of the state selected for use of the new testing technique in the specified grades. Approximately 15,000 elementary pupils are involved in the proposed tests which will be administered by a team from the State Department of Public Health division of tuberculosis control. The team will return later to read results of the test and later a mobile unit will be made available for re-reading positive reactors.

Approval of boards of education and school administrators as well as permission of parents of pupils in the three grades must be obtained before the project can be started.

## Venice Shanty Burns

Venice firemen were called at 5:40 a.m. Friday to extinguish a fire that gutted a switchman's shanty at Kerr and Main streets. The small building, property of the GM&O railroad, caught fire from an overheated stove, firemen said. No estimate was placed on the loss.

## Habeas Corpus Writ Ordered for Escapee

Larry Gorline, the one-armed bandit who escaped from the Granite City jail last Wednesday night, could have been released the next day on a writ of habeas corpus.

The writ was ordered Wednesday by Chief Circuit Judge Joseph J. Barr in Edwardsville, after a petition was filed for him by William E. Johnson, 1950 State street.

Granite City police were instructed to produce Gorline in the circuit court in Granite City before Judge Fred P. Schuman at 9:30 a.m. Thursday, but Gorline was already gone. Judge Schuman dismissed the petition.

The prisoner was arrested Oct. 25 at Kirkpatrick Homes and held for California authorities on two counts of armed robbery and for parole violation. Granite City police received the warrants Thursday afternoon.

Gorline, who had an artificial arm, left the limb at the police station in a suitcase, in addition to a black wallet containing \$22. Of the amount, the court retained \$20 to pay for court costs.

## Building Trades Give Support to Judge Barr

The Council of Southern Illinois Building and Construction Trades Business Representatives unanimously endorsed retention of Judge Joseph J. Barr of the third judicial circuit in tomorrow's general election. The action was taken at a meeting Thursday afternoon. It was reported by William Horstman, secretary.

The council is composed of 63 business representatives of AFL-CIO building trades unions in 11 counties. The agents urged their 9300 members to support Judge Barr as "we are convinced that his actions regarding labor have been scrupulously proper and according to law."

Judge Barr came under attack by unions of the Shell Oil Co. refinery at Wood River because of an injunction he issued in a strike about two years ago.

## Waives Preliminary Hearing for Assault

Robert E. Rostek, 21, of 817 Madison avenue, Madison, was held in the county jail at Edwardsville today after waiving preliminary hearing on a charge of criminal assault. Rostek was arrested by Madison police Wednesday, within 20 minutes after he had attacked a Granite City woman in a used furniture store building, using a butcher knife to subdue her.

Rostek, according to Police Chief Emmett Pazio of Madison, came to Madison recently after being paroled from Pontiac penitentiary where he had served one year of a one to five year sentence for forgery and car theft on a case originating in Decatur, Ill., where Rostek previously lived. Pazio said he expects the case to be presented to the current recall session of the grand jury.

## Kerner Outlines Plan to Aid Cities to Attract Industry

Illinois communities from throughout the state are being offered a new plan to attract industry and encourage present industry to expand.

Gov. Otto Kerner announced that the Illinois Board of Economic Development has developed a method, never before used in Illinois, whereby industrial buildings and equipment can be furnished by a local community through the sale of revenue bonds without removing the property from the tax rolls.

Gene Graves, executive director of the board, said the plan calls for the organization of a community not-for-profit corporation to be started by at least one local municipal or county official. Tax exempt revenue bonds are then sold to a bond-

ing house for local or out-of-state resale. The corporation would build and lease an industrial plant and retain its ownership. However, revenue derived from the lease must be sufficient to amortize the cost to the bondholders. Graves said that the local municipality would pledge no faith or credit in the type of financing.

Letters to all Illinois village and town boards, including chambers of commerce, industrial development groups, railroad and utility companies, explaining the financial procedures are being prepared.

Graves indicated he plans to visit as many communities as possible during the next few months to discuss and promote the program.

## New Style Plates For Legislators

Lloyd "Curly" Harris will receive special legislator license plate No. 3 from the state in 1965 provided he is re-elected tomorrow.

Distribution of the special plates is based on seniority and because the legislature failed to set districts the license will bear no district number in 1965.

Also based on seniority, alphabetically, Leland Kennedy would get green on white plates with the number 43 and Ralph Smith, No. 49. The plates also bear the designation "General Assembly" as well as "Illinois, Land of Lincoln."

## Circuit Judge Voting on Separate Ballot

Party politics, theoretically at least, are to take no part in the naming of three judges of the Third Judicial circuit in Tuesday's general election. The third circuit includes Madison and Bond counties.

Under new laws governing selection of circuit judges, a judge is elected in regular manner only the first time. Thereafter, upon expiration of the six-year term, his name is presented to the voter who answers simply whether or not the judge should be retained in office. Under a Supreme Court ruling, the judges do not run under party banners and the proposition of their retention is presented on a separate paper ballot.

The small, green ballot, one of six to be given Madison county voters, bears boxes for a "yes" or "no" vote opposite the name

of each of the three Third Circuit candidates. A simple majority of "yes" votes is all that is needed to retain the judge in office for another six year term.

Candidates of the Third Circuit are:

**Circuit Judge (Salary \$20,000)**  
Joseph J. Barry, Wood River, former Madison county probate judge, was elected circuit judge in 1957; former city attorney of Wood River and Roxana. Native of Alton, has lived in Wood River most of his life; received his law degree from the University of Notre Dame in 1942. A Marine veteran, married and is the father of five children.

Harold R. Clark, Alton, formerly practiced law in Quincy, Jerseyville and Alton. Served on the board of education in Alton. Received his law degree from

# Trojans' Halftime Lead Wiped Out by Bulldogs

Waiting until next year is a common diversion for fans of losing football teams but, in the case of Madison high school, 1965 could be well worth the wait.

The current Trojans showed great improvement, particularly in the first half, Friday night before bowing 27-7 to the visiting Highland Bulldogs. The victory gave the Bulldogs a one-third share of the Midwestern Conference championship.

Glen Pickering, Madison coach, had a large group of promising sophomores and juniors when the season opened and, in recent games, the younger boys have been playing more and more.

"We've got several seniors on the squad," said Pickering, "but only about four have played much. Even the Millers (twins Jack and Tom, a pair of line senior tackles) haven't been in there a lot. Tom missed most of the first three games with a knee and then Jack missed some games with a shoulder injury."

So, most of the load this season has been carried by juniors and sophomores. Two junior backs, Paul Lusk and Alton Rendell, especially impressed Pickering against Highland.

### 7-6 Halftime Lead

John Duft, Highland back who had been sidelined with a bruised shoulder, returned to the lineup Friday night and scored the Bulldogs' first touchdown on a 40-yard run in the first quarter.

In the second quarter, however, the Trojans kept punching into the Bulldog line and marched 75 yards, with Lusk's trey-yard plunge providing the touchdown. Rendell ran the extra point and, at halftime, the Trojans held a 7-6 lead at intermission.

Highland took a 14-7 lead in the third quarter on Moe Klaus' 20-yard touchdown run.

The Trojans had a chance to win until the last six minutes. At that time, a roughing-the-kicker penalty was called against Madison and, instead of kicking the ball over to the Trojans, the Bulldogs kept the ball and Duft broke the game open with a 34-yard scoring sprint.

Kent Iberg's one-yard plunge late in the game provided Highland's final TD.

All Yards Rushing

The Trojans gained all of their 179 yards on the ground and Pickering noted: "Our backs run better than they have all year."

He has special praise for sophomore quarterback Steve Shipcoff, who alternated with regular Tom Williams, and senior linebacker-guard Steve Purkale, who played well on defense.

As the game ended, Shipcoff threw a 12-yard touchdown pass to Rendell but officials ruled the ball was snapped. The Trojans, with a 1-6 overall record, have an open date this week and then finish the season Nov. 14 at Jerseyville.

Roxana, with a 6-0 upset of Cahokia, tied that team and Highland for the Midwestern title, with all teams having 4-1 league marks. Next in the standings were Bethalto 2-3, Madison 1-4 and Dupu 0-5.

## New Grant Store to Open At Nameoki Road Center

Granite City's new W. T. Grant store, latest mammoth addition to the expanding Quad-City retailing scene, will formally open at 9 a.m. Thursday in the Nameoki Village shopping center.

Melvin L. Gillie, local manager, said the store includes 60,000 square feet of floor space making it the largest among 20 stores in Grant's central region. Gillie said a special "sneak preview" will be held from 5 to 8 p.m. Wednesday with all items on sale.

The store, which will employ about 180 persons, has 32 departments — including household goods, family clothing and shoes, varieties, draperies, appliances and automotive items, and a 125-seat "Skillet" luncheonette.

"One thing has particularly impressed me here," said Gillie. "In all my years with Grant, I've never seen such an outstanding group of employees — the quality is tremendous. They just can't wait until we open."

### 100 Stores in 45 States

The Grant chain started in 1906 when W. T. Grant, now chairman of the board, opened a store in Lynn, Mass. Since then it has grown to include more than 1100 stores in 45 states which operate under the slogan,

### Four Divorce Decrees Granted Area Couples

Four divorce decrees were granted Thursday in the Granite City division of Madison county circuit court by Associate Judge Fred Schuman. They were:

Tia Jenkins of Madison from Warren O. Jenkins of Warren, Kans. They were married Dec. 3, 1954, and separated April 13, 1957. She charged desertion.

Sharon Borth from David Borth, both of Granite City. They were married May 14, 1950, and separated July 15, 1953. She charged desertion and was given custody of two children. He was ordered to pay \$17 per week child support.

Sandra L. Hurt of Madison married July 13, 1959, in Granite City, and separated July 28, 1962. She charged desertion and obtained custody of two children. The matter of child support was reserved by the court until the location of the father was known.

Robert Ervin Porter of Vashon from Lavonia Porter of Milwaukee, Wis. They were married June 19, 1953, and separated in November, 1955. He charged desertion. Custody of four children was reserved by the court.

### Four Quad-City Men In Operation Steel Pike

Operation Steel Pike, the largest amphibious training exercise conducted in the Atlantic since World War II, is taking place this week with more than 28,000 United States and Spanish Marines staging mock assault landings on beaches in southern Spain from a force of 84 ships of the U. S. and Spanish navies.

Four local servicemen who are participating in the joint operation include: Marine Cpl. Thomas A. Tempel, son of Mr. and Mrs. C. H. Tempel, 2625 Benton street, Marine Air Support Squadron One; Ronald L. Criss, yeoman second class, USN, son of Mrs. Theresa A. Criss, 2635 Missouri avenue, who is aboard the US Orleans Parish, a mine countermeasure ship.

Searman William L. Hoover, son of Mr. and Mrs. Emmitt Hoover, Venice, Fla., Venice, serving on the USS Taconic, an amphibious command ship; and Seaman Harold L. Lumpkins, son of Harold E. Lumpkins of the Garcesse Homes, Madison, who is on the assault cargo and troopship, USS Yancy.

### "Known for Values."

The shopping center is being developed by the Lueders Agency and is fronted by a new sign, 40 feet high and 16 feet wide, which will be used as an identifying symbol in advertising.

The center includes the Kroger grocery store which has been open for several years and is planning new expansion and Gasmen's Drugs which opened last month.

Mandel's, a style shop for women, opened last week operated by J. Bernard Kolter of St. Louis. Scheduled to open Nov. 15 are the Clio restaurant, a chain outlet featuring pizza operated by Vincent Meek of Edwardsville, Holiday Cleaners operated by Earl Jones of Richmond, Ky., and a Sears & Roebuck "satellite" with a catalog desk and display of hard goods and appliances.

A second Tratter's Men's store is expected to begin operation in the center sometime after Jan. 1. The center is also expected to include beautyshop and shoe repair shops and office space.

The Lueders Agency is negotiating with shops featuring jewelry, gifts, family shoes and fabrics for remaining spaces in the center. A parking lot, accommodating 999 cars, adjoins the store.

### Youth Beaten at Canal Levee; Taken to Hospital

Harry Whitman, 19, of 1712 Edison avenue, was severely beaten about 1 a.m. Saturday while he was with a group of men on the levee near the canal locks, sheriff's deputies reported. Whitman suffered a swollen right eye, severe bruises to the nose and lips and cuts about the face. He was taken to St. Elizabeth Hospital for treatment and later removed to McMillan Hospital, St. Louis.

Deputies said Whitman told them that he was with five friends on the levee when a car pulled up and someone called to him and his friends to "get out of that car." Whitman said he started to get out of the car when something hit him and he did not remember what happened until he was picked up and taken to the hospital.

### Parked Auto Damaged

A parked auto owned by Bernard Royce, 2471 Waterman avenue, was damaged Friday afternoon at the Plaza shopping center, where it was struck by another car. Royce told police the other auto belonged to a Madison resident.

### \$120,000 Suit Filed Against GC Steel Co.

Damage suit has been filed against the Granite City Steel Co. by John Snider, 2429 Logan street, who asks \$120,000 for alleged permanent injuries received last March 19 in a fall inside of a 150-foot open hearth

stack at the steel plant. The complaint alleges that the scaffolding on which Snider was working to repair the inside of the stack broke, causing him to fall to the bottom on a pile of repair materials.

Snider suffered fractures to both legs and head cuts. The suit was filed in Madison county circuit court at Edwardsville under provisions of the Structural Work Act.

## Disabled Vets to Benefit Under New Law on Jan. 1

Cost of living increases of 6 1/2% to most pensioners, including widows and children, higher increases for those with the greatest

need and expanded medical benefits to the most severely disabled veterans, become effective Jan. 1, 1965, under a new law signed by President Lyndon B. Johnson on Oct. 13, it was announced this week by John S. Gleason Jr., administrator of Veterans Affairs.

Starting in January, the amount of income from other sources which veterans or their dependents may receive and still be eligible for pensions will be liberalized. Permanently house-bound veterans may receive an extra \$3 a month and veterans who are blind or need constant aid and attendance of another person will receive increases from \$70 to \$100 in monthly allowance.

Under the new law, the VA can furnish physician-prescribed drugs or medicine to those who receive aid and attendance allowance, and an additional \$35 to \$38 per month to a child when there is no widow.

Persons who receive pensions under the "old system," prior to July 1, 1960, may apply to the VA for pension benefits under the current law which went into effect on that date. Only those receiving pensions under the present law are eligible for the increased benefits. Gleason said the increased amounts will be contained in checks received on or about Feb. 1.

## License Revocations For 3 Quad-Cities

Three Quad-Cities are among seven Madison county residents whose driver's licenses were revoked this week in action by Secretary of State William H. Chamberlain.

License revocations for driving while intoxicated were handed down for Ortha Bridwell, 318 Weaver street, Venice; William C. Browning, 2158 Cleveland Blvd.; and Roger D. Clements, 2145 Benton street.

## Venice Driver Charged

Venice police charged Walter Shackelford, 24, of 1135 Bissell street, Venice, with careless driving and having no operator's license at 4:45 p.m. Friday after his car struck a tractor-trailer on Broadway. The tractor-trailer did not stop, according to the report. Shackelford's car was damaged at the front.

## Taverns to be Closed During Voting Hours

All taverns in the urban and rural areas of Madison county will be closed during voting hours from 6 a.m. to 6 p.m. during Tuesday's general election, area authorities have announced.

Madison county Sheriff Barney Fraundorf said a special squad of deputies have been formed to check all of the taverns in the unincorporated areas of the county to insure that they are closed. He said the state laws concerning the sale of liquor on election day will be strictly enforced.

## Gets 10-Day Jail Term

James Williams Jr., 37, of 1738 Cleveland Blvd., was taken to the Madison county jail at Edwardsville Thursday to begin a 10-day sentence. He was convicted last week on a charge of public indecency in Wilson Park.

## Hundley Pontiac Razing Flat on 18th Street

Hundley Pontiac, 1801 Madison avenue, plans to raze and remove a four-family flat at 1412-14 Eighteenth street to expand its car lot facilities, according to a building permit issued last week by Earl Bloomquist, building inspector. The work will cost \$10,000.

A duplex structure at 1736-38 Edison avenue is to be razed by the Granite City Glass Co. at a cost of \$700.

## Woman Cut on Forehead When Storm Door Shatters

Requiring emergency treatment at St. Elizabeth Hospital Thursday was Mrs. Lizzie Wells, 49, of 732 East Chain of Rocks road who suffered a cut to her forehead when a storm door shattered.

Also getting treatment was Mark Guenther, 4, son of Mr. and Mrs. Howard Guenther, 2325 Gary avenue, who was struck on the head with a garden rake.

## MORE ABOUT

## Girl, 14, Killed

(Continued from page 1.)

was involved in any such activity. The investigating officer said there were two sets of skid or braking marks on the asphalt roadway, indicating one auto went into the field and where Jones' auto hit the first parked car in front of the Warren home.

The parked car belonged to James Reese, 2808 Forest avenue. Jones' auto then hit a parked car 30 yards away belonging to Edith Carter, Rural Route One, and then went on into a ditch, over a driveway into the Noblin yard to a halt in the front yard, 375 feet from where the first parked car was hit.

Mrs. Furtak told the Press-Record that Morrison road is used frequently for drag racing, with a quarter mile strip marked by a railroad crossing and a post for an oil pipeline. "I've complained frequently to Chouteau township officials for some time. If guess we'll get them now that someone has been killed," she added.

Morrison road extends from Route 203 (old Route 3 or Namco) road from Jug's Club (formerly the White Swan) to Long Lake and Lake drive.

Deborah Fay was born in Granite City and was a member of Hope Lutheran Church.

In addition to her parents, she is survived by four sisters, Teresa Kay, Linda Mae, Pamela Diane and Denise Charles, eight months old; and grandparents, Mr. and Mrs. Jesse D. Blanton of Malden, Mo., and Mr. and Mrs. Donald Craft of Campbell, Mo. Funeral arrangements are given in today's obituary column.

## Miss Charlene Ruth Hall and James E. Burgess are Wed

The wedding of Miss Charlene Ruth Hall, a daughter of Mr. and Mrs. Donald L. Hall, 1636 Delmar avenue, and James Earl Burgess, U.S. Navy, son of Mr. and Mrs. James L. Burgess of Edwardsville, took place Saturday evening at Faith Tabernacle.

The Rev. Glenn Utley officiated at the 6 o'clock ceremony using the double-ring service. White ponies, greenery and candlelight provided the setting and wedding music was furnished by Mrs. Isabel Schmidt, organist, and Miss Toni Hunter, vocalist. The songs were "The Ring" and "The Lord's Prayer."

The bride wore a floor-length gown of clipped Chantilly lace. The bodice featured a sweetheart neckline, a princess V-neck and long, pointed sleeves edged with sequins. Sequins and pearls also adorned the neck, and the full skirt.

The maid of honor, Miss Carol Ann Probert, Miss Leslie Fricker, and the bridesmaids, and Deborah Jean Hall, a younger sister of the bride, as junior maid, wore identical, ballerina-length dresses of azalea satin. The bridesmaids, overlaid with white lace, had scoop necklines and short sleeves. The dotted, bell-shaped skirts had bows in the back. They carried bouquets of light pink gladioli.

Tammy Rene Falovich, a niece of the bride, and Johnny Dean Fox, served as flower girl and ring bearer. The flower was a dress of white lace with puffed sleeves and a pink cummerbund with streamers down the back. The very bouffant skirt, picked up with flowers at the sides, had tiers of net ruffles reaching to the hemline. Her flowers were pink gladioli in a small bouquet.

Sp. 4 Robert L. Korte was best man, and groomsmen and ushers included Donald and Terry Hays, brothers of the bridegroom, Gene Sine and Leslie Hall, a cousin of the bride.

A reception following the ceremony was held at the DAV Hall and the newlyweds left later for a short honeymoon trip. The bridegroom is stationed aboard U.S.S. Intrepid at Norfolk, Va. Mrs. Burgess will remain here until February when she will join her husband.

A June 1964 graduate of the Granite City high school, she has been employed as a file clerk by an insurance company in St. Louis. The bridegroom attended the Edwardsville schools before enlisting in the Navy.

Ten U. S. Treasury agents and three Wood River police raided

ack, and halted at 1 p.m. Saturday  
the what they described as a county-

wide football gambling pool with headquarters at the H & H tavern in Wood River. Statements from some of the 30 persons nabbed and evidence — including \$2200 and thousands of football parlay bet slips — are being turned over to the U. S. attorney in Springfield.

After spending five hours inventorying what they confiscated,

ated agents said they had timed the raid in the midst of the turning in of slips distributed Wednesday. They had become familiar with the operation during weeks of surveillance, initiated after a record check showed no \$50 federal gambling stamp had been issued.

For a \$1 bet, a gridiron fan could win up to \$300, depending on his skill at picking the winners and victory margins in 28

As a "fringe benefit" of the raid, they seized a "payoff-type pinball machine" in the tavern. Treasury intelligence men of the East St. Louis unit praised Wood River Police Chief Buckner for his cooperation.

## GC Steel Fills Orders For Turkey, Pakistan

Granite City Steel Co. has filled orders for \$185,110 worth of steel exported to Pakistan and Turkey under foreign aid financing, according to the Agency for International Development.

Purchases by Pakistan firms totaling \$145,786, mainly involving galvanized steel sheets, were made with credits from a United States development loan authorized in April. The loan enables Pakistan to buy \$100 million worth of goods, principally \$90 million in iron and steel, all to be bought from U.S. producers and used in Pakistan's continuing economic development.

A Turkish firm's purchase of \$39,324 worth of galvanized corrugated steel sheets was financed under similar commodity import provisions of the U.S. economic development program in Turkey.

A 2½-month-old twin girl was found dead in her crib about 7:15 a.m. Sunday by her parents, Martin Smit, and his wife, Mary Jane, who live at 4704 Kirkpatrick Homes. Deputy Coroner Henry Pieper said the death apparently was due to natural causes.

Aug. 6 at St. Elizabeth's hospital along with Una Smit, who survives. The father is stationed at the Army Depot. Other survivors are the maternal grandparents, Mr. and Mrs. Gerald Lahr of Philadelphia, Pa., and paternal grandparents, Mr. and Mrs. Carol Jan Smit of Manchester, N.H.

Funeral arrangements are given in today's obituary column.

## No Trace of GC Jail Escapee with One Arm

No trace of the one-armed man who walked away from the Granite City jail last Thursday morning has been uncovered by authorities.

He is Larry Morris Gorline, 22, who was being held for Cal-

It is believed he escaped when another prisoner was released from the cellblock to make a telephone call.

A shed in the alley at 1015 Alton street in Madison was destroyed by fire at 1:23 a.m. Sunday. Firemen said cause of the fire was undetermined. No estimate was placed on the loss.

---

The Madison county department of maps and plats, now financed out of the general fund.

Total amount of the tax that

could be raised under the rate would be slightly more than \$41,000 and the tax payment on a \$10,000 home would amount to 30 cents if the full rate were extended. The department now receives an appropriation of \$15,000 annually, an amount that has proved insufficient to properly conduct the work that should be done in handling the state's 170,000 unclaimed assets.

The large orange ballot is to be cast in a separate ballot box, also orange in color. The remaining five ballots will be cast in the regular ballot box. As usual, voters are to hand their ballots to an election judge who will insert them in the ballot boxes.

Due to the extensive work in-

involved in tabulating results, particularly on the Legislature ballot, Miss Hotz said arrangements have been made to take these ballots in the orange boxes to St. John's Methodist Church auditorium at Second and St. Louis streets in Edwardsville where teams of tabulators will begin the counting work. Groups of church women are to prepare food for the workers and the

essed jury room at the courthouse is  
on of to be used for naps. 2

## United Fund Hopes to Hit Quota Wednesday

Final report meeting of the current United Funddrive — at which campaign leaders hope to hit the 1964-65 quota of \$135,000 — will be held Wednesday at the YMCA, beginning at noon.

With a balance of \$36,282 needed to hit the top in this year's drive, officials are expected to pick up a good part of this amount on subscription cards still outstanding. Pledges in the same amount as given last year on the cards still unreported should bring in around \$22,000 of the balance, and perhaps more if some of the pledges are increased, according to Joseph Glik, general chairman of the campaign.

The fund jumped to 89 1/2% of the quota in its report meeting last week, with a total of \$288,717 in subscriptions reported by sectional and departmental drive leaders. Glik pointed out that at the comparable stage of the campaign last year drive subscriptions amounted to 74% of the quota.

Additional awards also are expected to be made in the meeting Wednesday. Last week awards went to the Boy Scout Office, A. O. Smith Corp., Granite City Steel Federal Credit Union Employees, Madison school district employees and the Associated Retailers staff.

Subscriptions reported to date include \$118,562 from the Industrial Firms section which has a quota of \$131,000. The amount collected from six different divisions within the section represents 90.5% of the quota for that section. Five divisions within the Industrial Employees section have subscribed \$136,183, or 100.1% of the sections \$136,000 quota.

Other reports to date include the Commercial section, \$24,137, or 73.1% of a \$33,000 goal; Professional section, \$5,497, or 61.1% of a \$9,000 quota; Granite City-Mitchell section, \$9,531 or 59.6% of a \$16,000 quota; Mason, \$480, or 60.1% of an \$800 quota, and Venice, no report on a \$2,420 quota.

Some divisional leaders did not report increased subscriptions in last week's meeting expressing a preference to report total pledges in this week's session. For this reason, drive officials are hoping for a sharp pickup in the reports for some sections in Wednesday's meeting.

## Vandals Damage Home And 3 Autos in GC

Vandals were on the prowl in Granite City Thursday night causing hundreds of dollars damage to a home, three parked autos and a yard planter.

Every room and even the basement of the home of Mrs. Vyvienne Durbin, 1644 Venice avenue, was damaged between 6 and 7 p.m. while she was away. The back door had been left unlocked.

The vandals ransacked the house, poured perfume on clothing, hair rinse on a bed, emptied soap and soap powder on house furnishings and on the basement floor, damaged walls and stuffed clothing in the toilet.

Claude Jolly, 2564 Center street, said three tires on his 1963 station wagon were deflated, the windshield wipers and radio antenna were damaged and all windows were soaped while the car was parked in his garage.

Sugar was poured in the gasoline tank of the 1962 auto of Charles Massey, 1415 Twenty-first street, while the car was parked at 21st and State streets, and Gerald Padgett, 4402 Kirkpatrick homes, said two windows in his car were broken while the car was parked on a lot at the housing project.

John Kraus, 2921 Indiana avenue, reported vandals destroyed a brick flower planter in her yard during the day while she was away from home.

### Attempted Motor Theft

Edward Ashley, 2202 Benton street, reported at 8:20 a.m. Friday that during the night someone attempted to remove the motor from his 1960 compact foreign car while it was parked at his home.

## DO YOU TAKE VITAMINS AND STILL FEEL TIRED?

If you take vitamins and still feel tired, your trouble may be due to iron-poor blood. Vitamins alone can't build up iron-poor blood. But Geritol can! Because just two Geritol tablets, or two tablespoons of liquid Geritol, contain 7 vitamins plus twice the iron in lb. of calves' liver.

In only one day GERITOL-iron is in your bloodstream beginning to carry strength and energy to every part of your body. Check with your doctor and if you've been feeling tired because of iron-poor blood, take Geritol, liquid or tablets, every day. You'll feel stronger fast in just 7 days or money back from Geritol.

## Court Rules Slayers To Be Hanged Dec. 2

The Kansas Supreme Court has ruled that condemned killers James Douglas Latham and George Ronald York, must die on the Kansas gallows between 12:01 a.m. and 2 a.m. on Dec. 2.

York and Latham, two former soldiers, were convicted of a killing in Kansas after a crime spree in which they allegedly killed Martin Drenowatz, 69, of Granite City who was bludgeoned to death, and Albert E. Reed, 59, Litchfield, Ill., who was shot to death as he drove to work.

A writ of habeas corpus has been filed by an attorney for York and Latham and is expected to be acted upon this week by Judge Arthur Stanley Jr., in U. S. district court.

PRESENTATION OF a flowering plant "to the community" in appreciation of all contributions to the United Fund is presented by Miss Cindy Teaney, senior Girl Scout, to John Solenberger, executive director of the United Fund, at a U.F. report meeting. The appreciation symbol was awarded by the River Bluffs Council of Girl Scouts.

## Girl Scouts Symbolize 'Thanks' to UF Donors

To symbolize their appreciation for United Fund support of the Girl Scout movement and the public donations that make such support possible, leaders of the River Bluffs Girl Scout Council presented a bouquet of flowers and three boutonnieres to United Fund leaders in a recent U.F. report session. Mrs. George Eubanks, president of the Girl Scout Council, and Mrs. Jess Teaney, council secretary, presented the bouquet. The individual awards were made for the work done by the campaign leaders and workers in conducting the annual drive.

In addition, boutonnieres were made to Joseph Glik, drive chairman, to N. R. Brink, president of the United Fund, and to Allan Jesse, a drive worker. Mr. Brink's award

was presented to C. E. Blankenship of A. O. Smith Corp. who received it in Brink's behalf from Alice Louise Rodell, a Junior Girl Scout; Glik was presented his award by Diane Votaw, a Cadette, and Jesse received the award from his daughter, Carol, a Brownie.

A brief ceremony was directed by Mrs. Eubanks. Mrs. Charles Rodell, a member of the council board, and Mrs. Jess Teaney, council secretary, presented the awards. The individual awards were made for the work done by the campaign leaders and workers in conducting the annual drive.

Instead of the usual meeting night, tomorrow, which coincides with the election, the Organization for Advancement of The Handicapped will meet at 8 p.m. Tuesday, Nov. 10, at the Specialized Services sheltered workshop, 1712 Washington avenue, Alton.

Joe Budde, executive director of the workshop, will explain production operations utilizing handicapped workers.

### Park Corp. Sued for \$10,000 over Accident

A \$10,000 damage suit has been filed in Madison county circuit court in Edwardsville against the Park Transportation Corp. of Madison and Anthony Divietro of Granite City by William M. Hannah.

The complaint alleges Divietro was operating a company bus on the Evansville bridge in Randolph county on June 4, 1963, and that he struck the rear of a car driven by Hannah, causing injuries.

### State Police Move Into New Quarters

Illinois State Police began operations today from their new headquarters building at Maryville, according to Capt. Emil Toffant, commander of the district. Moving began Friday and was completed over the weekend. Capt. Toffant said that the district's radio facilities will continue to operate at French Village for the time being because the new emergency transformer has not yet been installed in the new building.

The building, constructed at a cost of \$285,000 and containing garage facilities for repair of state police cars and a radio repair shop, is one-fourth mile south of Maryville and just north of Interstate Route 55-70. The new phone number of the headquarters is 618-345-1212.

### 4 Freed of Charge in Venice Fatal Beating

A no-trial bill was returned Friday by the Madison county grand jury in favor of four of six persons who were charged with voluntary manslaughter in the fatal beating of Harvey "Logan" Logan, 35, of 1127 Logan street, Venice.

They are Ulas Davis, 35, of 518 Second street, West Madison; Lovell Garrett, 29, of 540 Mercedia street, Venice; and Roland Ray McClellan, 20, of 48 Lee Wright Homes, Venice.

Others still charged in the case are Edward Lee Coleman, 19, of Brooklyn and Lawrence Davis, 38, of 163 Lee Wright Homes, Venice.

The grand jury returned 11 indictments in addition to the no-trial bill. Included was William C. Bennett, 29, of 2800 (rear) Idaho avenue, who was indicted last Monday for the murder of Frank Lafata, 38, a former St. Louis taxi cab driver.

Most of the indictments were suppressed pending arrangements set for 10:30 a.m. Thursday. It was the second session for the grand jury, which was recalled last Monday to consider criminal cases arising since Sept. 21.

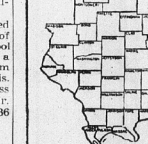

Chief circuit Judge Joseph J. Moore said it would not be recalled again. He commended the jurors for their work with a heavy schedule of cases.

### Girl, 17, Grabbed But Eludes Man Last Night

A 17-year-old girl reported to police that she was grabbed by a man after she crossed the street upon leaving an outside telephone booth at 26th street and Grand avenue about 9:50 last night.

The girl, who was able to break loose and run to the corner confectionery, said the man was short and was wearing a red and black jacket.

### Boy Hurt on Basketball Court Sues for \$25,000

A suit for \$25,000 has been filed for James Colp, a minor, by William Colp, his father, against the Granite City Housing Authority, in Madison county circuit court at Edwardsville. The complaint alleges that the boy fell on a basketball court which was made slippery by grease or oil last April 17, and that he suffered severe injuries about the face, head and body. The Colps then resided at Kirkpatrick Homes where the injury occurred. Colp claims negligence on the part of the housing authority for failure to clean the area, for permitting autos to park on the court and in the play area, and for failing to warn of dangerous conditions.

### NAACP To Hear State Report Friday Night

A meeting of the NAACP will be held at 8 p.m. Friday at the American Legion hall, 1043 Douglas street, and Hugh Hainston will give a report on the state meeting and discuss the anti-poverty law.

Officers will be nominated for two-year terms. The current president is Rev. Edward Jennings, pastor of the Madison Mt. Nebo Baptist Church.

### Tracks Searched

Police were summoned by a railroad crew about 10:30 a.m. Saturday on a report that a man was seen lying along the Washburn railroad tracks about 300 feet north of the West Pontoon road crossing. Officers searched the area but were unable to locate anyone.

## How Illinois Power Company Serves Rural Illinois

## 434 rural communities expect—and get—urban electric service from Illinois Power

Serving residents of rural Illinois is a big job, a high priority job, at Illinois Power. Today the tiniest village in our territory gets electric service as modern, as efficient and as dependable as the biggest cities in the world.

It's this dependable electric power that helps farmers and rural businessmen operate more efficiently and more profitably. And dependable electric

power enables the rural housewife to enjoy every single labor saving convenience enjoyed by her city cousin. We now serve more than 105,000 customers in rural areas\*. This is more than twice the number served in the same areas by rural electric co-operatives.

Every farm and rural resident in Illinois who wants electricity, has it.

\*As defined by the Rural Electrification Act.

## Sales Tax for GC Streets Appears Certain

Granite City's election council session might be a quickie, despite ample business. During last week's debate, Alderman Moerlein said such action would only lead the way for spending city funds without budgeting for them, especially since the street improvements have been proposed for several years and only last week were declared to be emergencies.

Rutledge added that he had asked for an estimate to be prepared seven months ago to be included in the budget but nothing was done. He favored the sales tax expenditure "to get the job done."

Objections also were raised to timing of the projects, due to weather restrictions set forth by the state highway department. Street Super. Warfield said that the state would have no control over the projects since the work would be done under contract with city funds.

Warfield added that 50% of the concrete streets in the city need sealing to prevent further damage, and he mentioned 21st street, 19th street, Grand avenue and Iowa street.

Mrs. Bettine said she had a letter requesting the 2600 block of Benton street be included or substituted for Cleveland boulevard.

street, Vesel avenue at Spalding avenue and 20th street between State street and Edison avenue.

Rutledge added that the rough surface of the block and heavy bus and truck traffic was causing damage to homes.

**Sternberg's Statement**  
Sternberg pointed out that when he headed the Street committee preventive maintenance was stressed but was ignored or stalled by the council. "I promised to get those streets resurfaced, but I don't want to do it in a manner that is fiscally unsound and not in accordance with state requirements for asphalt resurfacing."

He added that the city does not need to commit itself and call for bids to get a cost estimate. He suggested the project be carried out under state highway regulations.

All council members agreed the six streets listed in the resolution need repairs, but three voted against the procedure outlined. They were Bartosik, Sternberg and Thompson.

Thompson had suggested the streets be given higher priority for motor fuel tax work. The city has a \$349,024 balance in the sales tax fund and has a monthly sales tax income averaging \$20,000.

## MORE ABOUT Cities Could

(Continued from Page 1)

reading at last week's Granite City council meeting, which sets fees for sanitary sewers in the fifth addition to the Lauder Park Estates subdivision, located within the city limits. The tap-on fee will be \$45, and the monthly charge will be \$2.50 (plus 90 cents for sewage treatment).

**Reasons For Savings**  
Johnston's view is that the township plan is more costly than the alternative for two reasons:

1. It is cheaper to build and operate one large treatment plant than it is to install and operate several small treatment plants that duplicate the same process at scattered locations.

2. Only primary treatment is required for sanitary sewage discharged from a treatment plant into the Mississippi River; both primary and secondary treatment, adding to the cost, are mandatory for township sewage discharged into Horseshoe Lake. This analysis is supported by other engineering authorities.

**Other Considerations**  
If of when fringe areas wish to annex to the city also involves other factors, of course.

All families already pay school and certain other taxes. Granite City has a 74-cent city tax rate and 15-cent township rate, while Nameoki township residents pay no city rate but a 51-cent rate for township road and general expenditures. The Madison city rate is \$1.05.

Many people regard the Nameoki township assessing level as lower than that in Granite City. Property annexed to Madison could remain in Nameoki township.

Objective comparison must include the fact that a city can and does offer many more services than a township, including some for which unincorporated area families now pay an extra charge. The latter include library service, garbage and trash collection, fire protection, etc.

on non-existent outside city limits.

Regardless of misconceptions about city taxation, home owners get a better break where there is industry to help shoulder the tax burden.

Eventually, subdivisions within a stone's throw of present boundaries will and, in the opinion of many, should want to be come a part of an incorporated municipality. Even many home owners who regard annexation unfavorably, at this time, concede the logic and economy, disagreeing only with the timing.

The city of Madison has discussed annexing East Madison since various degrees since the city was created in the early 1940s. The expansion has never taken place, but the latest discussion has focused attention on a new aspect.

**Industrial Development Plan**  
Madison has a large bridge surplus which it hopes to invest in industrial property. The land, buildings and equipment would be leased on a long-term basis, providing increased job opportunities for area residents and regular income for the city treasury, which is losing \$100,000 yearly bridge earnings that were formerly received.

City officials have linked the State Park plan with the annexation of additional residential property, opening the door to gradual growth of a long hemmed-in. Spens to Madison residents stemming from the

city's dual incomes include free bus and bus fares.

Whether the township, cities or no one provides sanitary sewers this year, next year or within the next several years, Nameoki township residents have been told that the step cannot be postponed forever. The Illinois Sanitary Water Board last month reported receiving complaints about the lack of sewers in Nameoki township.

**Saturation of Ground**  
Steady population growth inevitably saturates the ground, creating a health hazard that can only be resolved by carrying sewage away from subdivisions and depositing it, after treatment, in a large body of water.

The choice in East Madison-Cloverleaf is regarded as involving either township or Madison action.

A second portion of the township sewer plan is the large population area which includes Gorb, Wilshire, Bellemeor, Pontoon Beach and Miracle Manor; the choice there appears to be either Granite City or Nameoki township sewage treatment.

State Park Place, the other segment of the proposed township system, is not close to city boundaries at present.
